

## CONSERVATECH LAUNCHES SPEAKING ENGAGEMENT OPPORTUNITIES

**Northampton, PA – June 8, 2009** – ConservaTech LLC announced a new program aimed at promoting its professional consultants for public and private speaking engagements. These individuals bring a wealth of knowledge and experience, and a touch of humor from time to time, on a variety of topics tailored to corporate, non-profit, or even local organizations (churches, youth groups, etc.). The presentations are fully customizable for the specific topic, target audience, and appropriate duration. A full list of topics, along with pricing and scheduling information, will be available at [www.conservatech.com](http://www.conservatech.com) as it becomes available.

*ConservaTech LLC is an information technology and security consulting company, focused on developing and implementing information security awareness programs. Founded in early 2009, the company brings together a wealth of knowledge and broad technology skills to offer a comprehensive set of products and services that effectively meets each client's needs. With fully customizable solutions, attractive pricing models, and retention opportunities, the company positions itself the provider of choice for outsourcing some or all of an organization's information security activities.*
